Towel dry your feet and blow dry to ensure no presence of any moisture. If you still find area still moist, put few drops of tea tree oil on the affected area. - Dab diluted alcohol on affected area and allow it to dry. The alcohol dissolves the water, helps dry the skin and reduce the risk of attracting the fungus. - Soak your feet in mixture of apple cider vinegar and water for 10 minutes daily until the symptoms disappear.

Apple cider vinegar with its antifungal properties will relieve the itching, peeling and kill the fungus. Instead of soaking your feet, you can also coat the fungus with a cotton ball dipped in apple cider buy body mass online in Australia - Mix six tbsps of dried chaparral to one quart of boiling cheap whiskey or wine. Reduce and simmer for 20 minutes. Remove and steep for 8 hours. Soak buy body mass online in Australia feet in this solution.

- Boil 4 cups of water, add 8-10 broken sticks of cinnamon; reduce heat and simmer for 5 minutes; remove and steep buy body mass online in Australia 45 minutes. Use as a foot bath. Cinnamon effectively buy body mass online in Australia both yeast and fungal infections. - Put some freshly crushed garlic on the affected area and leave it on for half an hour; wash with water.

Do this once a day for a week. Alternatively you can use diluted garlic juice, garlic powder or a clove of raw garlic. Garlic is an excellent antibiotic that can kill the fungus causing athletes foot. - Mix

approx 80 - 90 drops of Grapefruit seed extract to two ounce of water and apply to the affected areas with buy body mass online in Australia cotton ball two or three times a day.

- buy Body mass online in Australia 2 tsp of salt to a pint of warm water and soak your feet for 10 - 15 minutes and dry thoroughly. The salt kills the fungus and reduces perspiration. The reader of this article should exercise all precautions while following instructions on the recipes from this article. Avoid using if you are allergic to something. The responsibility lies with the reader, not the site, and the writer.

A bee sting is very painful. To give you a sting a bee loses its life. It leaves a venomous sac which has buy body mass online in Australia be withdrawn immediately. These stings can be fatal if proper measures are not taken. It is known that due to bee stings many people have lost their lives. Swelling, itching and constant pain is what you suffer due to the sting.

There are allergic reactions too which can take peoples life. These are some of the severe reaction symptoms you can identify. When attacked, the first thing to do is to remove the venom sac that is left behind by the bee.
