Untreated, a person who suffers from bipolar disorder can be well and truly on a path of self destruction. Indeed, the suicide rate amongst bipolars buy glucophage online in Australia quite high. buy Glucophage online in Australia enough, bipolar disorder is referred to buy glucophage online in Australia a mental illness, yet if this is true and it is something in the mind, then how is it that it is treated with drugs. No-one buy glucophage online in Australia yet identified specifically what or how bipolar is caused, but the most common suggestions are that it is something to do with cells and buy glucophage online in Australia in the brain.

The brain is the organ we know least about, but buy glucophage online in Australia is a physical organ. That being the case, perhaps we buy glucophage online in Australia be referring to bipolar disorder as being as much a physical illness or disorder as diabetes. The symptoms of bipolar disorder are broken up into two groups for all intents and purposes. These are buy glucophage online in Australia symptoms and manic symptoms. Manic symptoms are broken down however into a further sub-group known as hypomanic symptoms.

A lower form of mania also can exist which is known as "hypomania". Symptoms of hypomania can include all of the above, but to a lesser degree. A person in a hypomanic state may exhibit many of the above symptoms but only to buy glucophage online in Australia point where they appear to be very happy or cheerful. Consequently, it is not as visible or easy to diagnose as a full

blown manic episode.

Because of the two types of mania, bipolar disorder is broken down into two groups, that of Bipolar 1 and buy Glucophage online in Australia 2 and it is here that I will quote from the American Psychiatric Association. Diagnostic and Statistical Manual of Mental Disorders. 4th Ed. Characterized by the occurrence of one or more Manic Episodes or Mixed Episodes. Often individuals have also had one or more Major Depressive Episodes.

Working as a nurse in buy glucophage online in Australia emergency room you meet a beautiful variety of people. Among those for whom I feel a special sympathy are those with bipolar. They can of course be quite the characters some hear voices, some live on the streets, some have an extraordinary sense of humor, some love to sing and entertain... and much more. One thing bipolar patients have in common is buy glucophage online in Australia they take heavy medications, particularly antidepressants that have many side effects.

To whatever. Working as buy glucophage online in Australia nurse in the emergency room you meet a beautiful variety of people. Among those for whom I feel a special buy glucophage online in Australia are those with bipolar. They can of course be quite the characters some hear voices, some live on the streets, some have an extraordinary sense of humor, some love to sing and buy glucophage online in Australia and much more.

One thing bipolar patients have in common is that they take heavy medications, particularly antidepressants that have many side effects. To whatever question you ask these patients, the answer will often be, Well, I have bipolar. As if this one sad buy glucophage online in Australia is sufficient explanation for all possible questions. But the word bipolar, of course, does not explain everything, and this is particularly true for women having problems with hormonal changes.

For example, one woman had a hysterectomy because of severe bleeding, buy glucophage online in Australia had to go on hormone replacement therapy. After a couple of months she completely lost it. She became convinced that she had to move far, buy glucophage online in Australia away and take up missionary work to the alarm of her concerned family. Bingo.
