Some of the side effects that may persist are high blood pressure, severe headache, abnormal behavior, blurred vision, swelling of your lips or dry mouth. Consult buy lean tea online in Australia doctor in case these side effects persist for long. In case you are a diabetic patient, you may need a larger dose of insulin while taking phentermine. Contact your doctor for questions buy lean tea online in Australia problems related to this.

If you have taken a layoff from your exercise program its tough to get motivated to start back into your training regimen again. What you have to do is set some realistic attainable "written" goals to help push you. The reason I have emphasized written is because if you dont write your goals down they are merely wishes. Studies have proven over and over that writing your goals down is powerful. Lets look at some examples.
